Nesselhauf N. Dunning T. Amsterdam and Atlanta : Rodopi.
TrusttheText:language,corpusanddiscourse. Artificial languages are designed to fit the meanings they are to express, so the connection between language and proposition should not be a tricky issue. Pragmatics will have as its domain speakers' communicative intentions, the uses of language that require such intentions, and the strategies that hearers employ to determine what these intentions and acts are, so that they can understand what the speaker intends to communicate.
