Each up swing is greater than the previous up swing and each down swing is greater than the previous down swing. All are the same distance apart.

After you read this book I hope you will agree that trendline methods, both hold

The arrow and text, "Mini-Sell Signal," identify where the price breaks below the Mini-Pitchfork lower parallel line and generates a sell signal. Montefiore, Alan, and Bernard Williams. When the price starts to fall back towards the lower parallel line, the Mini-Pitchfork is drawn.

The distance between the Action Line and the Center Line is the historical cycle. This is an indication that the move to touch the Median Line is a price exhaustion. In this example, the price bars are filled in through the end of the chart.
