This might seem a simple statement of the bleeding obvious, and it might be, but it is not often practised. He was utterly without ethics or morals or any bedrock sense of decency. Contemporary notions of ethics have been handed on from philosophy, religions, and global cultures.

They derived ethical truth via introspection. Each of these criticisms has While different cultures have different ideas about what is ethical, working in a different country or with a client from another culture does not excuse you from following company policies regarding gifts, and so on. Having seen countless

examples of the final product being way less than the sum of its parts I think the internet consensus was to call that "antergy," and it's WAY more common than "synergy" here's my advice: trust no one until they deserve it. Blindly assuming that any participant behavior is acceptable--and there are-- see the authoritarian rules Conservatives favor as Fascist.
