People sabotage their careers in a variety of ways every day. You will not achieve success if you come across as narcissistic or as though you feel you are superior and remaining unaware of the needs of those around you. Teamwork can be hard for very intelligent people – When a person picks up ideas and concepts quickly and has high standards for themselves in relation to performance, problems can arise when working with other people who take longer to grasp concepts and process information.

Learning to overcome these habits could be just the thing that gets your career. Follow an unhealthy lifestyle that can affect their physical energy and mental well-being. If the job seeker fails to follow instructions, their application may never reach the people with the power to hire. Recruiting an employee is

arduous for an employer as recruiting eats up hours of staff time and energy. RelatedArticles.We all know to network when looking for a job. Why Can't You Accept a Compliment?
